

Why Selah? The word Selah is often found within the Psalms and is widely accepted as a time to pause within the song. Therefore our desire is to pause together, from lives and schedules that are ever increasingly demanding, and to wait on Him. We passionately believe this is the Lord's Heart and will towards us....to know and experience Him personally and collectively..

In June 2025 we will be holding our next gathering, at the Lantern Hall, Bristol Beacon in the heart of Bristol. The venue is neutral/undenominational and seats 280 people. Our theme this year will be sonship in Christ as revealed in Galatians 4:7 no longer slaves, but sons and daughters in Christ.

Firstly who He is within us and secondly how He views us as His people.

Our special guest speaker, Eric Gilmour will be joining us from Christ for all nations Church in Orlando, USA. Eric is the teaching Pastor with cfan and also along with his wife Brooke are the founders of Sonship International, a ministry committed to strengthening the church and leading people into a deeper experience of God in their personal lives. Pastor Craig Bennet from our Selah Core team will also be speaking in the afternoon session. Craig and his wife Emma lead Dudley Christian fellowship, and minister locally and globally in South America and India with Mission 24.

We also are pleased to announce Lucy Burden and Liam Callaway from Equippers church in Bristol and team will be leading our times of worship throughout the day.

We would like to personally invite you to take time out of your schedules to come along and join us. We believe this will be a significant moment for many in this hour and an opportunity to draw deeper from His unfailing love.
