

Pandemic Reflections - Five Year Anniversary Exhibition

During 2020 lockdowns I explored Bristol city centre with my camera. My photographs show our city in ways it has never been seen before. They also reveal the outpouring of gratitude for the NHS.

These **photographs with written reflections**, are being **exhibited** at **Southmead Hospital** from **8th March** to **31st August**

Brunel Building, opposite the X-ray department, Gate 18.

Costa Café, M&S Food and toilets are close by. Wheelchair access.

Travel

Car parking is limited but better at weekends. If possible travel by bicycle or Public Transport. Consider using the helpful smartphone CityMapper app.
